

Funded by the European Commission

kindly invite you to the International Roundtable on:

Korea-EU Economic and Political Cooperation: Korean and European Perspectives

Tuesday 31 January 2012

13.30 – 17.15

Faculty of Law, Grote Vergaderzaal

Tiensestraat 41, 3000 Leuven

Abstract

The conclusion of a new Framework Agreement and a Free Trade Agreement, have conducted the European Union and the Republic of Korea to upgrade their relationship to a Strategic Partnership. The purpose of this roundtable is to inquire into the economic and political cooperation between both actors. In this respect, the contributors will situate the EU-Korea Free Trade Agreement in both actors' trade policy and explore some key political areas in which the EU and Korea cooperate or should cooperate more. This event takes place in the context of the Research Project 'EU-Korea in a Changing World', which is funded by the European Commission.

Participation is free but registration is required before Monday 30 January
